

Pairing the VEO Navigator

A.C.Ryan
Defining Digital Entertainment

- 1 To pair, ensure VELO 4K is turned on.

- 2 Insert the USB receiver.

- 3 Turn off mouse mode (the LED on VEO Navigator should be OFF).

- 4 Press and hold onto 'Home' and 'Menu' buttons (located above 'Volume -' & 'Volume +').

- 5 Notice that the LED is blinking. Once the LED stops blinking your VEO Navigator should be paired.
